

DELHI PUBLIC SCHOOL SONEPAT

Dear Parents

In our fight against coronavirus, vaccination has proved to be the most effective tool in combating this pandemic. The Government of India has been actively promoting the vaccination of eligible populations in the country including children in the age group of 12-18 years.

In the same spirit our school in collaboration with Civil Hospital Sonapat is organizing a vaccination camp for our students falling in the above age group, on April 28, 2022.

- The vaccination will be administered by doctors of Civil Hospital, Sonapat
- This vaccination is free of cost.
- Parents bear the sole responsibility of vaccination being administered to their child.

Kindly give your consent for vaccinating your ward by filling up the accompanying **Google Form** by today evening.

<https://forms.gle/uBU1V3CoPjF4Hoj58>

We seek your cooperation in making our school a safe and healthy space for all.

Regards

Prachi Sharma
(Vice Principal)
Delhi Public School
